

MINI SKID STEER LAND LEVELER

Level, smooth, and condition surfaces with the Star Industries Mini Skid Steer Land Leveler. Designed for precision grading rather than material moving, this attachment delivers clean, even results on dirt roads, gravel driveways, and rough terrain. Ideal for finishing work where accuracy matters.

- ➔ Designed for leveling, grading, and surface conditioning
- ➔ Ideal for dirt roads, gravel driveways, and loose soil
- ➔ Built for precision work, not bulk material transfer

FEATURES

- ➔ Engineered for smooth, even surface finishing
- ➔ Handles cutting, cultivating, and leveling tasks
- ➔ Fits Dingo, Bobcat MT, and other mini skid steer mounts
