

# SKID STEER PICK UP BROOM

Sweep, collect, and contain debris with the Star Industries Skid Steer Pickup Broom. Built for tough cleanup jobs, this attachment goes beyond pushing material—capturing dirt, gravel, snow, and jobsite debris for efficient removal and cleaner results.

- ➔ Designed to sweep and collect debris, not just push it
- ➔ Handles dirt, gravel, snow, and jobsite cleanup
- ➔ Built for consistent performance in demanding conditions

## FEATURES

- ➔ Heavy-duty 8" core with 26" bristles
- ➔ Operates within a 15–25 GPM flow range
- ➔ Replaceable wafer bristles in poly, wire, or 50/50 mix
